

Investor Presentation for FY2023H1

Main Q&As

Q. What is the background to your decision on the share repurchases worth up to ¥400 billion?

A. In order to improve our risk-return, we have introduced an evaluation system that would encourage RMs to act appropriately to improve our risk-return. A

we set the 7.5% target. We positively evaluate the fact that the 7.5% target is now within reach.
